## SUGAR TRUST ADMITS ACCEPTING REBATES

COMBINE CONFESSES GUILT, BUT SAYS LAW IS UNCONSTITUTIONAL.

**By Boston American Special Wire.**  
NEW YORK, Nov. 16.—A sweeping admission of having accepted rebates of more than \$250,000 from the New York Central Railroad was made by counsel for the American Sugar Refining Company, before the Senate Committee on Commerce, today.

Lester McVane, for the trust, stated that he regarded the rebate law as unconstitutional. Despite his admission of guilt, the prosecution called to the stand Lester & Palmer, in charge of the traffic department of the Sugar Trust. He admitted all the evidence that had been put in his case in two years through the efforts of William Randolph Hearst.

## Desperado Francis Slips Cordon by Trick; MANIAC IN DISGUISE

Sleeps in House During Night, Has a Good Meal and Does New Clothes.

**Special to the Boston American.**  
ROCKFORD, Ill., Nov. 16.—Miss M. C. Clark Francis, the master negro convict who escaped from Thomson prison, early today slipped by the cordon of 200 men who surrounded Bushcamp Park and escaped.

At 6 a. m. today Francis passed by three men standing guard, who were dumbfounded when they learned that their man had slipped them.

Enjoyed a Good Rest.  
In the middle of the floor were the discarded garments of Francis, among them being some underwear given him by the jailer, who procured it at once. Francis evidently got a heavy sleep, as a large piece of soap was missing. In the bed room of the sitting room it was found that the negro had enjoyed a superb breakfast of eggs, coffee and bread.

Further investigation by Mrs. Francis showed Francis had helped himself to new clean underwear, a new shirt, a pair of new socks and a new pair of shoes, and one was missing, which was not found by the officers when they searched the room.

**Studied Map of Maine.**  
In the bed was found a map of Maine with some writing on it, and this was recognized as that of Francis by Warden Norcross.

Francis left the house carrying a dress suit case and a cane, passed by three guards, as he had no opportunity to escape, as he had no opportunity to escape, as he had no opportunity to escape.

## Posse Takes Trail.

A party including Mark Hennes, William Hennes, Ray Berry, R. H. Hennes, Hennes, Charles Hennes and G. H. Hennes, left on the electric for Stockport, accompanied by Inspector Hennes and a squad of newspaper men.

## FEDERAL SUIT SLUMPS STANDARD OIL STOCK

PRICE DROPS TO \$52 A SHARE, AND MANY HOLDERS ARE SELLING.

**NEW YORK, Nov. 16.**—Standard Oil stock slumped heavily today, and the entire market for the stock was depressed. The price of the stock fell to \$52 a share, the lowest in its history.

**Sixty Days for Answer.**  
Judge W. H. Taft, in the case of the Standard Oil Company, has granted the company sixty days to answer the complaint.

It was found for a time that the negro's capture of escape was good, but without the aid of the police, and the negro was not found on the trail. While he kept to the shadows, he was not found on the trail.

On reaching the generally quiet town of Stockport, the negro was found. A squad of police men followed the negro and he was captured.

**SPRINGFIELD, Nov. 16.**—Mrs. Phoebe Shipley, the colored cook who has been in trial for two days charged with attempting to poison the entire family of William F. Leach, eleven persons in all, was discharged today by Judge Brewster on the ground that the prosecution failed to prove arsenic in the bread.

The most point in favor of Mrs. Shipley was the testimony of Mrs. Leach, who was in the trial. Mrs. Shipley was also made sick from eating the bread, and she was discharged.

# ICE TRUST MAN AFTER DANA'S JOB

## PROOF THAT BUTTRICK ATTENDED ICE TRUST MEETING.

In the photograph in shown the speakers' table at the famous dinner of the "Soak 'Em Club," at which the members of the Massachusetts Ice Dealers' Association praised Senator Buttrick for having saved them from adverse legislation and voted to increase the price of ice to consumers. The arrow indicates Senator Buttrick.

Buttrick, Who Was at the Soak 'Em Dinner, Wants to be President of the Senate.

Senator Allen G. Buttrick of Worcester has announced that he is a candidate for President of the State Senate. Mr. Buttrick's ambition to wear the shoes cast off by Hon. William F. Dana, who was promoted to the Superior Court bench after he and Eliot the Overton Bill.

As a member of the Street Railway committee, Mr. Buttrick has had opportunity to learn the duties of the senate and to see the duties of the senate as president of the State. He further believes that the President of the Senate is in the line of advancement of the State and that the President of the Senate is the only position in the State which is accessible to the people.

Mr. Buttrick is entirely qualified for the place he seeks to fill. He is well known and has been placed upon the platform by his vote against the Overton Bill.

### Buttrick Kept Ice Trust Posted.

"We have been fortunate in legislation, but one bill having been introduced inimical to our interests."

THE OBJECTIONABLE CLAUSE WAS PROMPTLY REMOVED. SENATOR BUTTRICK AND REPRESENTATIVE DENNY HAVE KEPT US POSTED ON THESE MATTERS.

## AWFUL PSORIASIS 35 YEARS

Terrible Scaly Humors in Patches All Over the Body—Skin Cracked and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty Days at Cost of \$4.75.

ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, and it cost me about five years ago.

The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar or round flesh. In a short time the affected circle would form a ring of a white or yellowish appearance and would gradually drop off. To remove the entire skin would be perfectly raw, and a discharge of bloody substance would come out. That earliest would form again in ten or twelve days. It was worse on my arms and limbs, although it was in spots all over my body. I tried to get rid of it by using oil to soften them, but the flesh would be perfectly raw, and a discharge of bloody substance would come out. That earliest would form again in ten or twelve days. # CITY PRIMARIES REGARDED AS GREAT VICTORY FOR MAYOR FITZGERALD

## Mayor Pleased, He Says, at Primaries' Result

Results of the primaries all over the city are exceedingly gratifying to me, and I think I may properly regard it as an endorsement of my administration. My friends were successful wherever contests were made, and there will be complete harmony in the organization during the coming year.

I am especially gratified at the results in my home ward, 24, Dorchester, and in Ward 16, for the opposition to me there was led by an employee of the City Clerk's office, J. B. Cadigan.

The administration forces were also successful in Wards 19 and 25, and we succeeded in retaining control of Wards 10 and 22, where the result was in doubt. Ward 18 was also won by my friends. On the whole, I am immensely gratified—Mayor Fitzgerald to the BOSTON AMERICAN.

## Administration Has Been Endorsed by Voters of Boston, Says Chief Executive.

Mayor Fitzgerald regards the result of the primaries in this city as an endorsement of his administration. In Ward 18, he of the city administration. In a statement made to-day to a reporter of the BOSTON AMERICAN, the Mayor said that his friends had made substantial gains in various wards.

The Mayor points out that his friends were successful in Wards 24, 16, 19, 25, 10, and 22, where the contest was close. The Mayor's friends had not succeeded, however, in the Charlestown district, where Edward L. Canby failed to get a commission for assistant, although he was regarded as the Mayor's strongest opponent.

Although dead and buried, James Cassidy of Ward 18 received thirty votes in the Democratic primary yesterday for the nomination of alderman. Cassidy, who was not enough to nominate. Many votes in the ward got confused on the "Cassidy" vote, so that they did not know whether or they were voting for the living or the dead man, with the result that many people refused to take names and voted for somebody else.

## ON FORGERY CHARGE TRY TO DISBAR HIGGINS

Case of Lawyer Accused in Case of Hannah E. Boyle's Will Is Continued.

Disbarment proceedings against Lawyer James Oliver Higgins, because it is charged by the Boston Bar Association he had knowledge of forgery in connection with the will of Hannah E. Boyle, were again postponed today to Judge Fox in the Equity Court, because that Higgins could not have had time to file an answer to the charges. The decision followed a forty-minute conference between Judge Fox, Arthur D. Hill for the Bar Association and Timothy W. Conley for the defendant.

The court was crowded by lawyers and several witnesses, as it was expected there would be a sharp tilt between Messrs. Conley and Hill.

Judge Fox is making his announcement, said that it had been suggested to him that Higgins was ill and could not attend, although he had been present at the trial. Criminal indictments charging forgery and conspiracy were pending against Higgins yesterday in the court of Sessions.

Two subpoenas of duces tecum from Pittsburgh were also served on Higgins yesterday.

The case is that over the will of Hannah E. Boyle, which is decreed to be forged, the will was admitted to probate in the Probate Court and the estate given to the executor, John J. Higgins, who was charged with forgery. Higgins was charged with the forgery of the will of Hannah E. ## PORTLAND, OREGON, CUT OFF BY THE RAGING FLOOD

PORTLAND, Ore., Nov. 16.—Portland today is cut off by flood from Seattle, Tacoma, Bellingham, Spokane and every point North and East of Klamath, Washington.

Information received here says that forty farmers are now stranded on an island at the junction of the Golumbia and Columbia rivers; that the flood waters are sweeping around them, and that they are in danger of drowning. The steamer Burton has been sent to their aid.

A report has reached here that the river at Cathlamet, just opposite the Klamath Falls, has been washed away. A raging torrent is flowing through the town in the vicinity of Klamath Falls, carrying thousands of dollars worth of property in a mad race to the sea. Every railroad in the Northwest is tied up to their aid.

## CORPORATION MEN MEET RETRIBUTION AT THE PRIMARIES

Senator John J. Gardner, candidate for alderman, defeated vote on overtime bill and voted in favor of corporation men yesterday.

Edward L. Canby, candidate for alderman, corporation man and in favor of the Dock Trust—DEFEATED.

Patrick D. McNeill, candidate for the council, pledged to vote for a municipal fighting plant and broke his pledge—DEFEATED.

Corporation candidates and others who broke their pledges to the people went down in defeat at the primaries in this city yesterday, and in several instances the people were important figures.

Senator John J. Gardner was the fifth defeated. The fact that he voted against the overtime bill and in favor of the corporation men was a blow to his popularity.

How Canby Lost.

Edward L. Canby is another corporation man who went down in defeat. His attitude on the National Dock Trust conference was not satisfactory to the people of his district and, although he was supported by the friends of Mayor Fitzgerald, he could not win. It was also declared that Canby treated representatives of the Ancient Order of Hibernians with contempt when they called on him with reference to his action in not giving that organization a place in the parade of June parade.

Constitutional Patrick D. McNeill was another who went down in defeat. He was one of the candidates who pledged to vote for a municipal fighting plant and then broke his pledge. He was not re-nominated.

Alderman Fred J. Rowland and Representative J. Frank O'Brien, who failed to get re-nomination, were also defeated.

# TO OVERTCOATS OVERCOATS SEAMEN'S UNIONS AT A. F. OF L. MEET DECLARE EXCLUSION ACT IS VIOLATED.

By Frank K. Foster.

MINNEAPOLIS, Minn., Nov. 16.—The federal delegates from Great Britain and Canada crowded the center of the stage at yesterday's session of the American Federation of Labor. Identically, the delegates from Great Britain and Canada were in the cap of Boston by the glowing tributes to the hospitality with which he was received in that city by the civic and trade union officials he was on his way to Minneapolis.

Mr. Foster strongly advocated the international peace movement, claiming that in most wars workmen "kill the killing" and they paid the bills. He hoped to see the time when not merely federal delegates would be sent to the various trade unions of the world, but that the trade unionists of one country to another, but would be established.

He referred to the Overton Bill in Massachusetts, and said that in Great Britain they did not work women and children overtime in textile industries. He was told by a Massachusetts manufacturer that this overtime work was an evil thing for the women and children. Mr. Foster said that he was not in the least in sympathy with the Overton Bill, but that he was in sympathy with the women and children.

2. N. Hill, the other British delegate, referred to the identity crisis between the Doctor Couldn't Tell Where the Trouble Lay.

"For the past seven years I have been a victim of dyspepsia and chronic constipation and have tried every remedy. I have resorted to the use of many remedies and have given them faithful trial, but all to no purpose.

"Upon the recommendation of a close friend, I purchased a box of Stuart's Dyspepsia Tablets and in less than five days noticed that I was receiving more benefit than from any remedy I had used before. I continued to use the tablets after each day for one month, and by that time my stomach was in a healthy condition, capable of digesting anything which was increasing appetite demanded.

I have not experienced any return of my former trouble, though three months have elapsed since taking your remedy.

We wish that you could see with your own eyes the countless other bona fide signed letters from grateful men and women all over the land who have suffered years of agony with dyspepsia, tried every known remedy and consulted eminent specialists without result, until they tried Stuart's Dyspepsia Tablets a trial. Like the doctor says, they couldn't locate the seat of the trouble.

Dyspepsia is a disease which has long baffled physicians. So difficult of location is the disease that cure seems next to miraculous. There is only one way to treat dyspepsia—to supply the elements which nature has ordained to perform this function and to cause them to enter the digestive organs, supplying the fluids which they lack. Stuart's Dyspepsia Tablets alone fill all requirements, as is shown by the fact that 40,000 physicians in the United States and Canada unite in recommending them to their patients for stomach disorders.

We do not claim to expect Stuart's Dyspepsia Tablets to cure anything but disordered conditions of the stomach and other digestive organs, but that they never fail to do so. They work upon the inner lining of the gastric glands and aid in the secretion of juices necessary to digestion.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. One box will frequently effect a perfect cure. If in doubt and wish more adequate proof send us your name and address and we will gladly mail you a sample package free. P. A. Stuart Co., 51 Stuart Bldg., Marshall, Mich.
